2025-02-11 Group 4

Scrum Master:
Stephen Laing

Attendees:
- Quinton Grant
- Stephen Laing
- Shawn Crook

Agenda:
- Deliverables for Milestone 3
  - GUI Design Document
  - Code Changes
  - Class Definition Document
  - Other Documents
    - Software Requirement Specification (SRS) Documents
    - Revised README describing GUI use

Topics discussed:
- Using Excalidraw for the GUI wireframe
- Using LucidChart for UML diagram
- Sub-groups will be assigned on the 15th after everyone has sent their SRS
- Work on organizing each file to contain relevant info (e.g. cpu elements only in the cpu class)

Action Items
- Everyone to work on their assigned parts to support the GUI
- Micah to update the code changes from the professor's feedback
- Stephen to implement GUI
- Shawn to draw Flowchart UML
- Quinton to start creating wireframe in Excalidraw
- Individual SRS should be completed by the 15th. Then we will assign sub-groups, merge the documents, and discuss on the 18th
